Death of Archie Turgeon.

Our village was thrown into a state of excitement and sorrow Sunday at about 4:30 p.m., when it was learned that Archie Turgeon, one of Island Pond's brightest young men, had lost his life while bathing in the lake. It appears that he and one of his companions, Earl Norris, had been out canoeing, and after coming ashore decided to go in bathing near the boat house at Brown Basin. They had been in the water about 30 minutes when they started towards shore, and when nearing same Earl looked to see if Archie had reached shore; as he was not in sight he asked several boys on shore if they had seen him; they replied they had not. He then became alarmed, and found all the assistance he could; all the available boats were put into service, grappling hooks procured, and the townspeople worked unceasingly until far into the night, but no trace of the body could be found. Search was again resumed early Monday morning, and at about 10 a.m. the body was found in about 15 feet of water. An examination was made and no definite cause as to death could be found, but it is thought it was possibly due to cramps or sun stroke.

Archie was 17 years of age and was employed in the power department, where he was greatly liked by his employer and associates on account of his quiet manners and sunny disposition, of which the latter brought him the sobriquet of "Happy," and was much beloved by his companions, and his death will be greatly mourned by them. Although his presence among his young associates will be missed, there are none that will miss his smile and presence as his poor, heartbroken father, mother, brothers and sister, who are left to mourn the loss of the baby of the family.

The funeral services were held Tuesday at 9:00 a.m., at the Roman Catholic church, at which a high mass of requiem was celebrated by Rev. C. D. Trottier, interment being made in the old Catholic cemetery. The funeral was under the direction of G. G. Smith and the pall bearers, O. Lacroix, J. St. Pierre, A. Seymour and J. Murphy, who were former associates of the deceased. The many beautiful floral offerings that surrounded the casket and the large attendance at the services testified to the popularity in which Archie was held. In this hour of sorrow the sympathy of all is extended to the bereaved family.

ISLAND POND NATIONAL BANK

For Auditor of Accounts

To the Voters of Vermont:

I am a candidate for the office of Auditor of Accounts, and I hope I may have your support at the September primary.

For the past four years I have been the assistant in the office of the State Treasurer, which office, as you know, interlocks with that of the Auditor of Accounts, and I am warranted in stating that upon the Auditor devolve active, varied and responsible duties. The general provisions of the law involve a multiplicity of details in accounting, running into thousands of items annually and these duties are not easily undertaken by one whose work and experience have not been along similar lines.

I am 46 years old, was educated in the public schools of Vermont, and first served an apprenticeship at the printer's trade in my father's office. Then came 20 years devoted to business administration, the latter half of this time being given to banking. Five years of this period I was cashier of the National Bank of Barre. The past four years I have been the assistant State Treasurer, holding the place at the present time. I have served as auditor of the city of Barre, was auditor of the Granite Mutual Insurance Company, have been a director in the National Bank of Barre, the Quarry Savings Bank and Trust Company and the Granite Mutual Insurance Company, both of Barre.

I was representative from the city of Barre in the Legislature of 1910 and served as chairman of the committee on banks, also being a member of the committee on manufactures.

I go before you, voters of the state, on my record of service in lines that should fit me to fill the office of auditor satisfactorily to all.
